

## **Film Festival**

- The purpose of the Film Festival is to compile a Missouri sampling of SW-PBS videos created by schools. One session will be dedicated to viewing *some* of the submitted SW-PBS videos. There will be a light- hearted competition to acknowledge “best” video.
- Films/videos should be 2-3 minutes in length and should focus on one of the 8 essential components of SW-PBS.
- Criteria: School Safety Survey completed, Self-Assessment Survey Schoolwide, Non-classroom and Classroom subscale scores of at least 60%, quarterly data submitted
- Proposal submitted and scored by MO SW-PBS personnel using Film Festival Rubric

**NOTE:** . There is no compensation off registration for submitting a film clip. The rationale being that schools should be submitting videos that they have already created and used with their stakeholders.
