Now it is time to make plans for your team to take the TFI. Some questions to consider include:

- Who will schedule the TFI and notify team members?
- Who is your external coach and who will notify the external coach?
- Who will gather the necessary artifacts?
- How will you ensure all team members contribute to the discussion about scoring each item?
- When will you analyze your scores?
- How will you share the results, including celebrations, of this analysis with members of your Tier 1 Team and with your entire staff?

Pause & Reflect #3

Review and discuss the *MO-SWPBS Tier 2 Action Plan* handout.

- How will you ensure that reviewing and updating your Tier 2 Action Plan is an ongoing agenda item?
- Which team member will be responsible for documenting action plan changes and updates during your team meetings?
