

Utilizing Technology to Assist with the Implementation of PBS in Your School

Presented by: Amy Cox, Hanthorn Early Education Center with
The Independence School District

Outcomes

Attendees will gain an awareness of technological options to assist with teaching expectations; learn how to utilize technology to provide information to families/community members, and will be provided examples of incorporating students into digital media to assist with the implementation of PBS within a school.

Teaching Expectations

So much more effective with a visual

Clearly defined

Model I do, you do, we do

[Video](#)

How to explain to parents

Remember they are parents, not educators

Make sure this is on their level and helpful

[Video](#)

How do we track all this data?

Google Docs is your friend!

Simple to use, includes graphs!

[CICO form](#)

[Data Collection form](#)

[4:1 Data Form](#)

Q & A ??????????????

You can do this!

Technology is your friend!
