

On Friday, May 29, 2020 Missouri Schoolwide Positive Behavior Support formally announced the names of the 105 Missouri schools recognized for their exemplary implementation of Schoolwide Positive Behavior Support (SW-PBS) during the 2019-2020 school year. The formal recognition ceremonies would typically take place at the MO SW-PBS Summer Institute, which this year has been canceled due to the Covid-19 pandemic. As a result, the dissemination of plaques and banners as well as the celebrations of work completed, will take place at Regional Professional Development Centers across the state at a later date.

SW-PBS is an evidence-based, proactive approach to teaching and reinforcing positive behavior in students, thereby improving student behavior, creating safe schools, and maximizing instructional time and student engagement. Successful systematic changes, such as SW-PBS, will help Missouri reach the goal of The Missouri Department of Elementary and Secondary Education's **Show-ME Success Plan** which focuses on preparing all Missouri students to graduate ready for success.
