Objectives & Guiding Questions

1. What makes evaluating the effects of PBIS challenging?
2. How do schools demonstrate active engagement in the work of PBIS?
3. What relationships exist between recognition status and critical outcomes?
4. What are the potential advantages and disadvantages of implementing a recognition system?

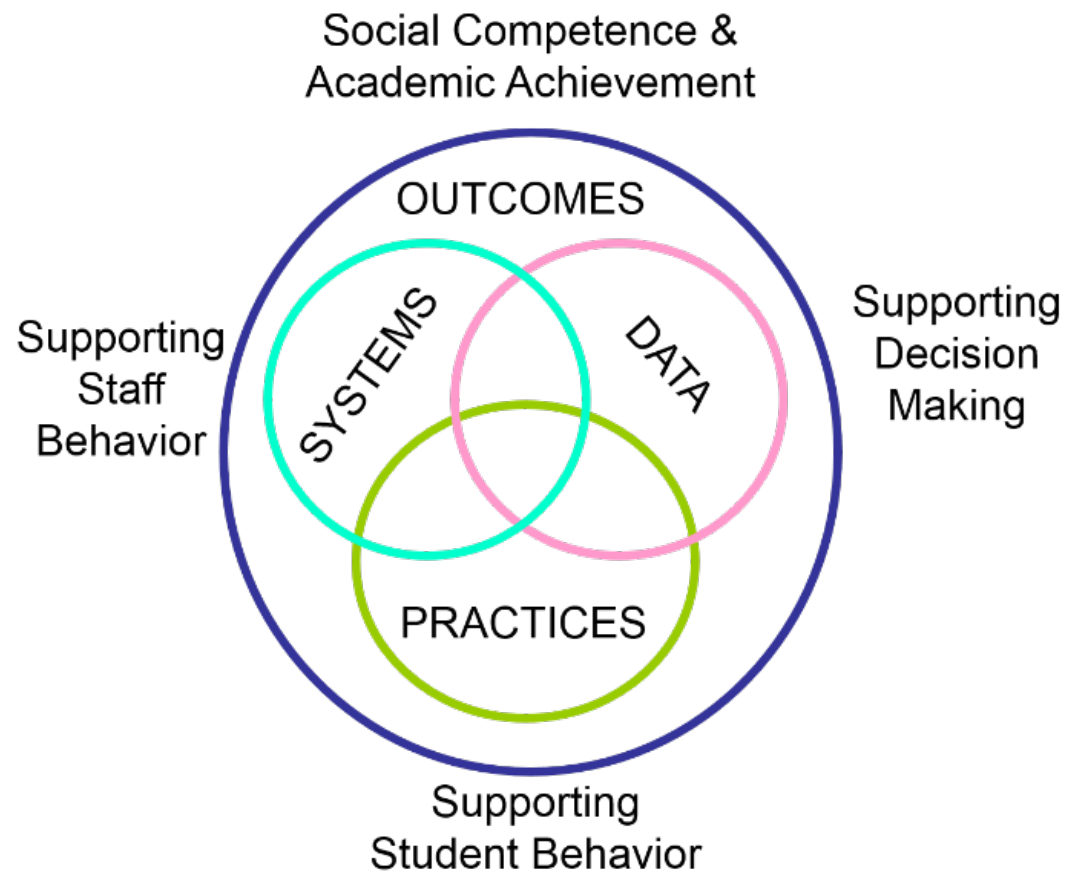

Activating Background Knowledge

1. What are the critical features of PBIS?
2. How do the critical features of PBIS interact?
3. What makes evaluating the effects of PBIS challenging?

ANNUAL REPORT

MISSOURI SCHOOLWIDE POSITIVE BEHAVIOR SUPPORT

Recognition System

Missouri SW-PBS School Recognition Application Preparation Worksheet 2017-2018

The purpose of the Missouri SW-PBS School Recognition Program is to identify and recognize Missouri schools for successful implementation of Schoolwide Systems of Positive Behavior Support. Criteria are based on effective implementation of the essential components outlined by the OSEP Center on Positive Behavioral Interventions and Support.

Successful applicants will demonstrate exemplary performance in the following areas:

1. Use of data to direct instruction, problem solving and intervention efforts
2. Active use of creative and engaging recognition systems
3. Implementation of SW-PBS throughout the school environment
4. Systemic orientation of new students, parents and staff throughout the year
5. Active instruction for social and behavioral skills

Instructions:

- Complete and submit the Recognition Application Google Form (use this worksheet to help you prepare the information).
- All additional materials must be completed and submitted by mail or electronically to your Regional SW-PBS Consultant no later than April 16, 2018.
- Materials regularly submitted to consultants need not be resubmitted.
- Notification of the award will be made by May 11, 2018.

RECOGNITION RECIPIENTS MUST AGREE TO SERVE AS DEMONSTRATION SITES FOR SW-PBS.

Demonstration sites may be called on to share their success in the following ways: (1) allow representatives from schools or districts to visit your building and attend a SW-PBS Leadership Team meeting, (2) share materials related to implementation, (3) provide data and other aspects of the implementation process for publication purposes, (4) participate in videos or other electronic tutorials produced by MO SW-PBS, and (5) arrange for SW-PBS information from your district/school to be displayed on your website.

To be considered for the Missouri SW-PBS School Recognition Program, this application and supporting documents must be submitted in accordance with the established timelines and meet all criteria.

Study Analyzing 2018-19 School Year Data

1. How would you describe the analysis of the 2018-19 data from the MO SW-PBS initiative?
2. How would you characterize the results of the analysis of the 2018-19 data?
3. What relationships exist between recognition status and critical outcomes?

Limitations

Single year of data

While quartile ranks generally improve students with disabilities still experience an overall gap in outcomes

Lacking an analysis comparing schools achieving implementation fidelity but not earning recognition to schools earning recognition.

Cannot account for the effects other initiatives or interventions on campuses.

Implications

Implementers

- Prioritize data-based decision making and action planning
- Make data accessible and relevant to stakeholders

Implications

Implementers

- Prioritize data-based decision making and action planning
- Make data accessible and relevant to stakeholders

District Leadership Teams

- Create systems to make data-based decision making easier, faster, and better
 - Create systems to support and encourage schools in the application for recognition
 - Celebrate the use of data-based decision making, action planning, and recognition
