BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## The Science of Belonging: Creating Spaces where all Students can **Thrive**.

MO SW-PBS Summer Institute 2025

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Introductions

Jamie Grieshaber, MO SW-PBS Statewide Coach and District Facilitator

Nanci Johnson, MO SW-PBS State Director

Michelle Kruse, School Safety Specialist & Academy Program Coordinator,  
MSBA Center for Education Safety

**Who else is in the room...That's Me!**

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

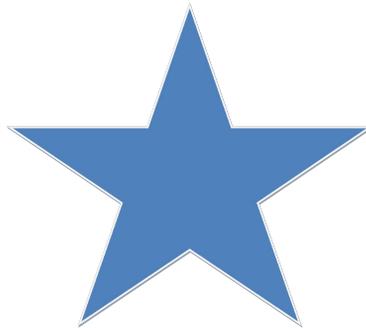

## Outcomes:

- **Understand** the importance of **student belonging** for **academic, behavioral, and social success**.
- Learn how to **create environments** that foster a sense of belonging for all students.
- **Apply the concepts of belonging** districtwide, schoolwide, in the classroom and on building 1:1 relationships with students.

## BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

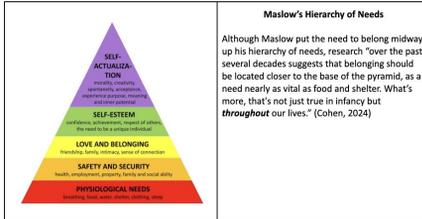

Creating Spaces of Belonging for  
Staff & Students  
MO SW-PBS Summer Institute 2025

### 3 Human Psychological Needs (Remember C-A-R)

*Self-determination* theory identifies 3 needs individuals must fulfill to behave with *intrinsic motivation*:

- **Competence**
  - Succeeding in what is to be done, belief in one's ability to succeed, and/or self-efficacy.
- **Autonomy**
  - Being in control of one's life, self-determination.
- **Relatedness**
  - Connecting with others, belonging.

(Ryan & Deci, 2000)

- **Belonging**
  - "...the subjective feeling of deep connection with social groups, physical places, and individual and collective experiences—is a fundamental human need that predicts numerous mental, physical, social, economic, and behavioural outcomes." (Allen, Kern, Rozeck, McInerney, Slavich, 2021)

### Belonging Continuum

- **Stereotype Threat** (internal state)
  - Degree of anxiety about how an individual thinks they are being perceived due to a **stereotype**. (Cohen, 2022)
- **Fundamental Attribution Error (FAE)** (external threat)
  - Impulsive cognitive bias that leads us to see the behavior of others as emanating from some underlying essence - who the person is - rather than from the situation they are in. (Cohen, 2022)
- **Loneliness**
  - "...is the **subjective feeling** that you're lacking the social connections you need." (Murthy, 2020)
    - **Intimate**, or emotional, loneliness is the longing for a close confidant or intimate partner.
    - **Relational**, or social, loneliness is the yearning for quality friendships and social companionship and support.
    - **Collective** loneliness is the hunger for a network or community of people who share your sense of purpose or interests.
- **Isolation**
  - "...the objective physical state of being alone and out of touch with other people." (Murthy, 2020)
- **Solitude**
  - "...the state of peaceful aloneness or voluntary isolation."
  - "It is an opportunity for self-reflection and a chance to connect with ourselves without distraction or disturbance." (Murthy, 2020)
- **Situation Crafting**
  - "Shaping a situation, even in seemingly minor ways, in order to foster belonging." (Cohen, 2022)
- **Wise Interventions**
  - "Wise interventions are ideally the right small thing, just what is psychologically needed for a specific person in a specific time and place to set them on a better path."
  - "...are only tools for situation crafting; ... none of them is a one-off solution; ... in an environment with genuine opportunities they have cumulative effects." (Cohen, 2022)
- **Wise Criticism**
  - Praising a students' potential (you can meet my high expectations) rather than their **CURRENT** performance. (Cohen, 2022)

[LINK](#)

# THRIVING TOGETHER

## BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

1. Understand the importance of **student belonging** for academic, behavioral, and social success.

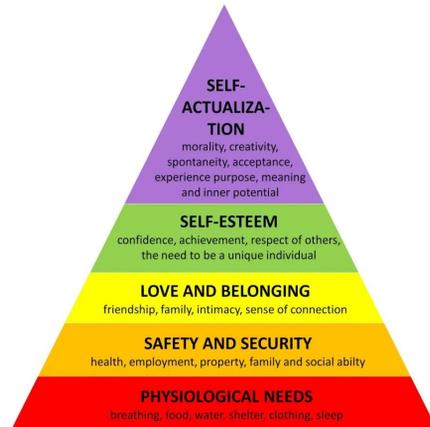

**"We are wired for connection." Murthy, 2020**

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Why focus on Belonging?

Although Maslow put the need to belong midway up his hierarchy of needs, research “over the past several decades suggests that **belonging** should be located closer to the base of the pyramid, **as a need nearly as vital as food and shelter**. What’s more, that’s not just true in infancy but **throughout** our lives.” (Cohen, 2024)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## 3 Basic Psychological Needs

**Self-determination** theory identifies 3 needs individuals must fulfill to behave with **intrinsic motivation**:

### 1. Competence

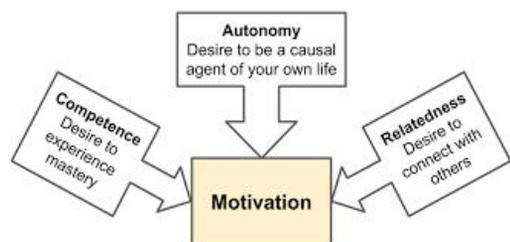

- *Succeeding in what is to be done, belief in one’s ability to succeed, and/or self-efficacy.*

### 2. Autonomy

- *Being in control of one’s life, self-determination.*

### 3. Relatedness

- *Connecting with others, **belonging**.*

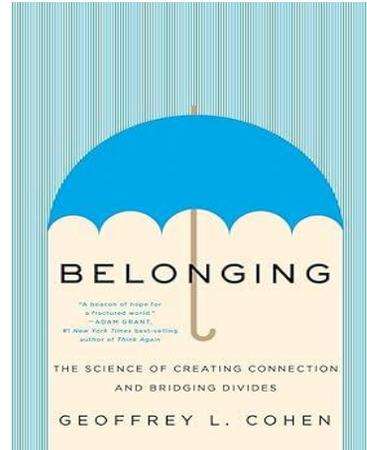

(Ryan & Deci, 2000)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Defining Belonging...and a few key terms...

- Belonging & *Belonging Uncertainty*
- Stereotype Threat & FAE
- Loneliness
- Isolation
- Solitude
- Situation Crafting
- Wise Interventions
- Wise Criticism

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

**Belonging:** Feeling accepted by a group, having meaningful relationships, and contributing to a shared purpose, such as being part of a team or community.

This becomes **critical in adolescence**, as it supports:

- **Mental Health & Well-Being,**
- **Enhances learning** (supportive learning environments are where we take risks, thrive, etc),
- **Increases motivation and engagement** (see how efforts matter),
- **Supports key life skills** (Communication, empathy, conflict resolution, and teamwork), and ultimately,
- Helps students with **identity formation.**
- Helps create a **safer and more supportive environment** in your school and community.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

**Belonging Uncertainty:** Belonging uncertainty refers to the feeling of doubt or insecurity about whether one is accepted and truly belongs in a particular social environment or group, often leading to concerns about social relationships and fit.

When we feel uncertain, it can:

- **Undermine Academic Performance** (interpret minor setbacks as signs we don't belong)
- **Increase Emotional Stress** (esp in marginalized groups)
- **Affects Persistence and Retention**
- **May become a "Self-Fulfilling Prophecy"** (withdraw, limit opportunities for connection and further isolate).
- Lead to feelings of exclusion and increase likelihood of violence for those already on the pathway.

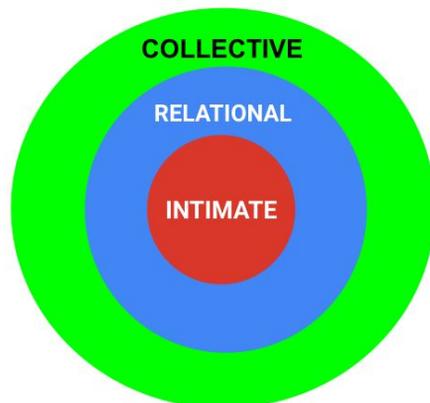

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

**Loneliness:** "...is the *subjective feeling* that you're lacking the social connections you need."

- Intersects with Belonging Uncertainty (feed into one another),
- Is often hidden; invisible,
- Impacts Social/Emotional Development,
- Disrupts Learning & Motivation

Intentional **Relationship Building** Opportunities and **normalizing conversations** about loneliness and well-being are **KEY**.

(Murthy, 2020)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Belonging Continuum

Stereotype Threat (internal state)  
Fundamental Attribution Error (external threat)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

Safety isn't the absence of a threat  
but the presence of connection.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

How do we *know* when others belong?

“Culture eats strategy for lunch.”

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

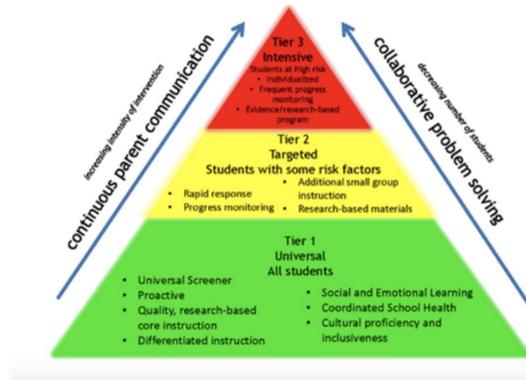

2. Learn how to **create environments** that foster a sense of belonging for all students.

“Students who report a strong sense of belonging tend to be more motivated to learn, perform better academically, have better rates of attendance, engage in less misconduct and have higher self-esteem and better mental health.”

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

**Prevention IS Belonging!**

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Systems & Practices

### Schoolwide Essential Components

- *Common Philosophy & Purpose*
- *Leadership Teaming*
- *Clarifying Expected Behaviors*
- *Teaching Expected Behaviors*
- *Encouraging Expected Behaviors*
- *Discouraging Unexpected Behaviors*
- *Data Based Decision Making*
- *Professional Learning*

### Effective Teaching and Learning Practices (ETLPs)

- *Classroom Rules and Expectations*
- *Routines and Procedures*
- *Encouraging Expected Behaviors*
- *Discouraging Unexpected Behaviors*
- *Active Supervision*
- *Opportunities to Respond*
- *Sequencing Choices and Activities*
- *Task Difficulty*

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Let's Look at some Missouri Data

School connectedness, defined as students' belief that adults and peers in their school care about their learning as well as about them as persons, has been **linked to positive educational, behavioral, and health outcomes in adolescence and into adulthood.**

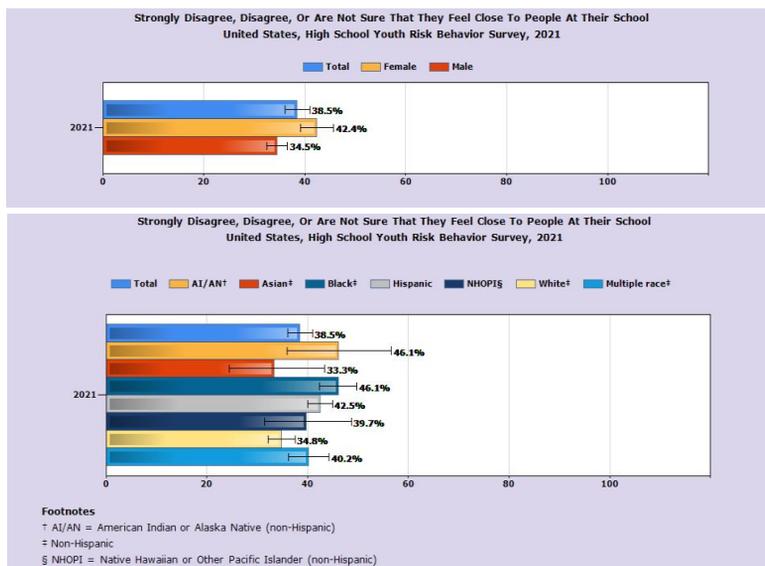

[Youth Risk Behavior Surveillance System](#)

WELL-BEING AND STUDENT SUCCESS

## What does this data tell us?

- Belonging is both **objective and subjective**
  - A Feeling and a Practice
- Can be **quantified and measured**, but also **perceptual**
  - Psychological component exists
  - If members feel they belong, than belonging exists
- **Marginalized groups experience higher rates of not belonging**
- Belonging is realized fully when included groups have more than a voice, they have **influence and ability to (re)shape** organizations

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Data To Drive Planning for Belonging

### School Climate Survey

A **formal** measure with strong evidence of reliability and validity for measuring perceptions of school climate

### Feedback & Input Survey

Offers your school-wide community a place to share their direct **feedback** with decision-makers.

Both gather the **voices** of:

- Elementary Student
- Secondary Student (Extended version)
- Secondary Student (Brief version)
- School Personnel
- Family

What **data** do you pay  
attention to that **indicates**  
**belonging and psychological**  
**safety for students?**

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

Let's Explore **Situation Crafting**

“A sense of belonging isn't just a  
by-product of success but  
*a condition for it.*”

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Situation Crafting (Creating Safe environments)

“Shaping a situation, even in seemingly minor ways, in order to foster belonging.”

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Situation Crafting for **Student** Belonging

**Explicit invitations** – the intentionally planned for, concrete, well defined strategy or interventions that you are implementing with, or for group members to create opportunities for belonging to be experienced.

**Implicit invitations** – implied, subtle signals that are sent without careful consideration or planning that can forge either belonging and connection or disconnection. Bias can be a determinate of the impacts of implicit interventions.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Situation Crafting for Student Belonging: **Explicit Invitations**

- **Structure environments** so that **real connections happen** regardless of race, gender, age, creed, or class
  - *Family Groups, Peer-to-Peer Mentors, Adult-to-Student Mentor*
- **Wise Criticism** - providing **feedback that is both instructive and affirms** to the student that you believe in their potential. *"I believe you are capable and I care enough to help you improve." Motivates, Fosters Growth Mindset and fail forward mentality.*
- **Policies and Practices** - Are your district and school **policies fostering "othering" or "belonging?"**
  - *Discipline policies, honor rolls, rewards for fundraising efforts, family events, Cultural events, etc.*
- **Clarifying and teaching** procedures, routines, and behavior expectations
  - *Reduces anxiety, levels playing field, builds trust in the predictability and consistency*
- **Encouraging and Discouraging** with consistency and equity across all student groups
  - *Affirms respect, promotes psychological safety, strengthens community norms.*

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Situation Crafting for Student Belonging: **Implicit Invitations**

- **Cultural Representation** - signage represents all cultures and languages within your community
  - *Affirms identity and visibility, strengthens home-school connection, etc.*
- **Warm, friendly interactions EVERY DAY** with **EVERY STUDENT**
  - *Communicates "you matter", builds trust, reduces isolation*
- **Welcoming invitations to participate for all family and student groups** - regardless of race, gender, age, creed, or class
  - *Breaks down barriers, promotes diverse perspective and dialogue*
- **Academic and Environmental Accommodations** - ensure that every student has what they need to be able to learn and behave without embarrassment or humiliation
  - *Creates equitable supports, reduces anxiety and shame, models culture of care and respect*
- **Unveil the Invisible** - Open two-way communication to learn about the implicit biases, misconceptions, and perceptions that influence whether everyone feels like they belong and are respected
  - *Raises awareness of hidden barriers, empowers marginalized voices, supports collaborative problem-solving*

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

Consider the **Explicit & Implicit** components you plan within your schools and classrooms to cultivate opportunities for belonging.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Wise Interventions

(Creating Psychological Safety)

“Wise interventions are ideally the right small thing, just what is **psychologically needed** for a specific person in a specific time and place to set them on a better path.”

“...are only **tools for situation crafting**... none of them is a one-off solution... in an environment with genuine opportunities they have cumulative effects. “

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Wise Criticism

(Specific form of Feedback)

Praising a **students' potential** (you can meet my high expectations) rather than their CURRENT performance.

(Cohen, 2022)

“Wise criticism increases student’s motivation to improve their work, building trust in teachers while making students feel they’re being seen, respected, and appreciated. It does so by **reframing criticism as an affirmation rather than a threat.**”

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

### Key Difference:

Aspect	Wise Intervention	Wise Criticism
Function	Changes how people interpret a situation	Delivers feedback in a motivating, respectful way
Form	Brief psychological exercise or message	Framing of specific critical feedback
Focus	Beliefs about the self or world	Performance feedback
Context	Broad (academic, social, behavioral)	Typically academic or skill-based feedback

**Wise  
Intervention  
Vs  
Wise  
Criticism**

### In essence:

- **Wise interventions** are about **changing the narrative**.
- **Wise criticism** is about **framing feedback** to preserve **motivation and belonging**.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## What about MS/HS?

Dimension	Elementary Focus	Teen Focus
Belonging	Teacher connection, consistency	Peer relationships, identity safety
Motivation	External rewards, structure	Autonomy, purpose, relevance
Engagement	Play, novelty, praise	Choice, challenge, personal meaning
Support Style	Nurturing and directive	Respectful, collaborative, affirming

Supporting **teens** vs. **elementary-aged children** in fostering **belonging, motivation, and engagement** requires adjusting strategies to reflect their **developmental stages, social needs, and cognitive capacities**.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Does Motivation in MS/HS Students look different?

STUDENT ENGAGEMENT

To Motivate Teens, Ask Them "Who's Your Future Self?"

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Teens and the “Belonging effect”

- The **two most powerful protective factors** for every form of adolescent risk behavior (emotional distress, drug abuse, violence, and suicidality) are:
  - **How strong a sense of belonging they have at school and...at home.**
- Situations in MS/HS create situations that threaten belonging - not intentionally, but out of mistaken focus on a student’s **character rather than context**. (Think practices and policies).
- Access to youth sports and extracurricular activities.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Wise Interventions for Teens

- **Talk with teens, *not at them*.**
  - Solicit their interests; show you appreciate what is important to them
- Engage them in activities that give opportunities to bring out their best selves, with **democratic -style guidance**
  - Volunteer groups around important topics - drugs, promiscuity, etc.
    - [Preventing Violence and Building Safe School Communities A Guide for Creating Student-Led Clubs](#)
- **Promote identity as “work in progress” vs “finished product”**
  - Values-affirmation
- Guide them to **connect these values to behaviors**
  - When they embody them, they are more inclined to adopt prosocial behaviors

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

What does it look like to have **belief** in students potential, and how do we then embody that **belief** in day-to-day encounters?

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

Something Cohen offers us to think about...

If the education system spent fewer resources trying to measure ability through its various testing regimens and more resources trying to ***cultivate ability by crafting better situations***, our schools would be much more effective and equitable.

(Cohen, 2022)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

**3. Apply the concepts of belonging** districtwide, schoolwide, in the classroom and on building 1:1 relationships with students.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

*“We can’t **make** students behave (or learn), but we can **create supportive and inclusive environments that increases the likelihood** they will behave (or learn).”*

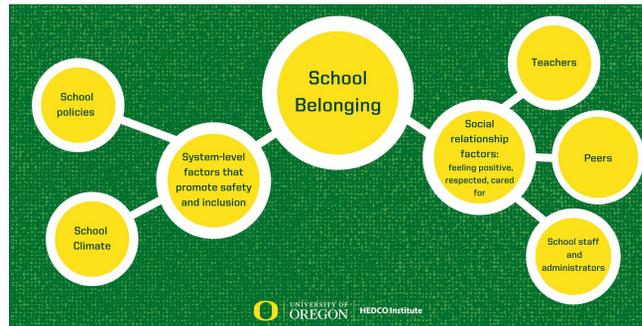

(Dr. Tim Lewis)

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Belonging in School Systems

1. Districtwide
2. Schoolwide
3. Classroom
4. 1:1 Student Relationships

Each level supports and reinforces the others.

# THRIVING TOGETHER

## District Strategies in Action

- Conduct **audit of Implementation** (Current State)
- **Family/Community engagement & voice**
- Collect & analyze **student sense-of-belonging data**
- Consider **Professional Development needs**

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## SCHOOLWIDE STRATEGIES

- School **traditions and events**
- **Welcoming** physical spaces (signage, murals, shared languages)
- Advisory programs, homerooms, student-led groups that build **relationships**
- **Student voice** opportunities (e.g., councils, surveys)

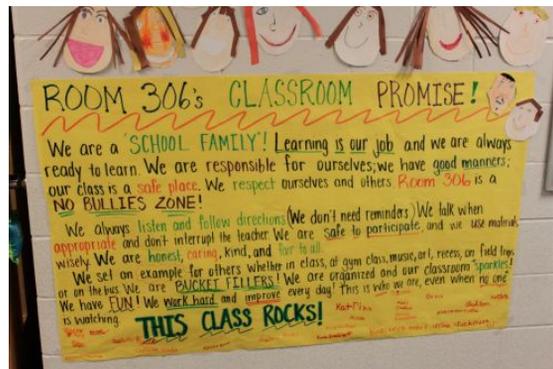

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## CLASSROOM STRATEGIES (Whole Group/Small Group)

- Rigorous, Standards-Based Curriculum with connection points for all learners
- **Norms** that promote respect, collaboration, and voice (Values-Affirmation, Psychological Safety)
- **Situation Crafting** > Getting to Know Students
  - a. Classroom Jigsaw,
  - b. Belonging Uncertainty Testimonials
  - c. Regular **community circles or check-ins**
- **Differentiated & Scaffolded instruction** to meet all learners needs (Wise Criticism)
- What else???

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## High-Impact Teaching Moves

Mentoring Mindset **High Standards & High Supports**

- **Transparency** - *“Wise Criticism”*
  - High Expectation & Belief in Capacity
  - Scaffolded Support for Growth
  - Timely & Repeated statements of organizational mentoring mindset
- **Questioning** - Joint Problem Solving (Getting the voice)
  - The Coaching Habit & The Advice Trap
  - Questioning with **“Up Take”** (Math - “focusing questions”)
- **Stress Response** - “stress can be enhancing” beliefs
- **Purpose Getting** - connecting the task to a beyond-self purpose
- **Belonging** - C-A-R (Belonging) can lead to Status & Respect

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## BUILDING 1:1 CONNECTIONS

### The Power of 1:1 Relationships

- Students are more likely to **engage** if they feel known
- **Trust and connection** boost resilience and motivation
- Especially important for historically **marginalized students**

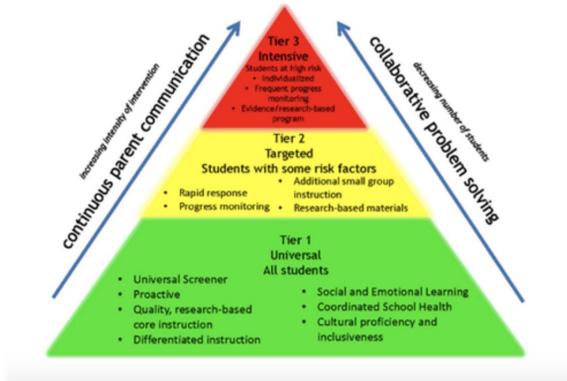

### 30 Sec Belonging (Implicit)

- Favorite Things/5 senses
- Threshold Greeting
- Share your Screen Saver
- Perspective Getting #  
- Listening well  
(antidote to FAE)
- 2x10

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## Belonging across Advanced Tiers

Being intentional with belonging (situation crafting, wise interventions, etc) becomes **even more important** as we intensify and individualize supports to avoid isolation and belonging uncertainty.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER WELL-BEING AND STUDENT SUCCESS

## U.S. Secret Service: Preventing Targeted School Violence

### ENHANCING SCHOOL SAFETY USING A THREAT ASSESSMENT MODEL

An Operational Guide for Preventing Targeted School Violence

### U.S. Secret Service:

A crucial component of preventing targeted violence at schools relies on developing positive school climates **built on a culture of safety, respect, trust, and social and emotional support**:

- Help students feel connected to school, classmates and teachers.
  - Encourage teachers and staff to build positive, trusting relationships with students
  - Listen and take interest in what students say.
- Break down "codes of silence."
  - Identify students who lack solid connections with adults/other students.
- Encourage connections with classmates:
  - Ask students to identify classmates they'd like to be partnered with for projects, then assign students not named to be partners with outgoing, friendly classmates.
  - [Preventing Violence and Building Safe School Communities A Guide for Creating Student-Led Clubs](#)

While teachers and staff can foster relationships and connectedness among the student body, **students themselves have a role to play** in sustaining safe school climates. They should be actively engaged in their schools, encouraged to reach out to classmates who might be lonely or isolated, and empowered to intervene safely when they witness gossiping, teasing, and bullying.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

Cohen offers, “Expect more, give more, get more”.  
The best classrooms contain a symphony of elements  
that reinforce the message and create the reality,  
**“You belong”**.

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Bringing it all together...

Level	Key Strategies/Examples
District	Implementation Audits & Belonging Policies
School	Peer mentoring, student leadership opportunities, Dens, SW Norms & Expectations
Classroom	Community circles, situation crafting, relationship first routines, explicit invitations
1:1	Person check-ins, mentoring, implicit invitations

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER  
WELL-BEING AND STUDENT SUCCESS

## Consider...

Where can you *amplify* belonging within your role?

What is *one strategy* you'll try in the next month?

How will you *know* it's making a difference?

# THRIVING TOGETHER

BUILDING CONNECTIONS FOR TEACHER

## Recommendations for Schools & Education Departments

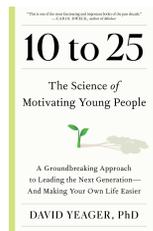

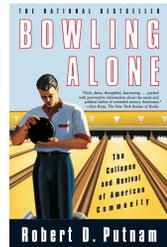

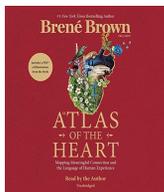

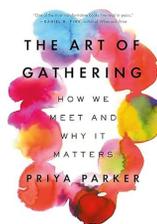

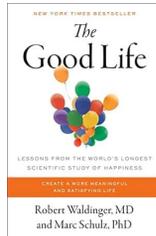

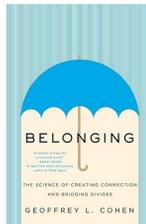

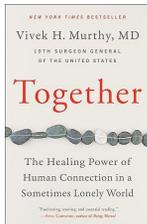

\* For more information on these recommendations,  
[read page 60 of the Surgeon General's advisory.](#)

1. Develop a strategic plan for school connectedness and social skills. Include evidence-based practices, such as the implementation of peer-led programs and partnerships with key community organizations.
2. Build social connection into health curricula. Include up-to-date, age-appropriate information on the consequences of social connection on physical and mental health, key risk and protective factors, and strategies for increasing social connection.
3. Implement socially based educational techniques. For example, cooperative learning projects can improve educational outcomes and peer relations.
4. Create a supportive school environment that fosters belonging. This can be through equitable classroom management, mentoring, or peer support groups that allow students to lean on one another and learn from each other's experiences.
